

SIS/STC/055/2017 – 2018

October 22, 2017

The Environment club of Scholars Indian School is holding an Anti-plastic Campaign on premises which is slated for 23rd October, 2017. Students will have to get waste plastic bottles and consign the same into the garbage bins placed outside their respective corridors. The members of the club would throughout be on the move for promoting the noble cause. Its an earnest attempt made by the Environment Club to create a plastic free zone. We expect your co-operation in fulfilling the mission.

Prof. M. Abubaker
