Why do we habituate children to read?

### (A word to parents)

- Young students need a lot of practical encouragement as they learn to read.
- Provide access to books and reading materials.
- Show that you're interested in what you read.
- Talk about what you read and why you read it.
- Reading aloud improves your child's speaking, reading, listening and problem-solving skills.
- Vocabulary grows as your child hears new words and ideas.

**"Children are made readers on the laps of their parents"-**

Emilie Buchwald

What do you do to enjoy reading??

- Jot down those moments you enjoyed in that book to boost your attention.
- Write a book review in your own words to improve your creative skills.
- Draw a picture you framed when you read and enhance your whims and fancies.
- Recollect those new words you earned and build your own sentences and be proud for that.
